

TEST CASES EXECUTION

TEST CASE EXECUTION REPORT

Project Name:

User Management System Testing

Prepared By:

Vamshi Krishna K
Tester Intern

Test Execution Date:

15 June 2026

TC ID	Module	Test Scenario	Test Steps	Expected Result	Actual Result	Status
TC-001	Login	Login with valid credentials	Enter valid username and password and click Login	User should login successfully	User logged in successfully	Pass
TC-002	Login	Login with invalid password	Enter valid username and incorrect password	Error message should be displayed	Error message displayed	Pass
TC-003	Login	Login with empty username	Leave username blank and click Login	Username required message should appear	Validation message displayed	Pass
TC-004	Login	Login with empty password	Leave password blank and click Login	Password required message should appear	Validation message displayed	Pass
TC-005	Login	Login with both fields empty	Click Login without entering credentials	Required field validations should appear	Validations displayed	Pass
TC-006	Login	Verify password masking	Enter password field.	Password should be hidden	Password displayed in plain text	Fail

TC ID	Module	Test Scenario	Test Steps	Expected Result	Actual Result	Status
TC-007	Registration	Register with valid details	Fill all mandatory fields correctly	Registration should be successful	Registration successful	Pass
TC-008	Registration	Register without email	Leave email blank and submit form	Email validation message should appear	Form submitted successfully	Fail
TC-009	Registration	Register with invalid email format	Enter invalid email and submit	Invalid email message should appear	Validation message displayed	Pass
TC-010	Registration	Verify mandatory field validation	Leave required fields empty	Appropriate messages should appear	Messages displayed	Pass
TC-011	Profile	Update profile with valid details	Modify profile information and save	Profile should update successfully	Profile updated	Pass
TC-012	Profile	Upload unsupported file type	Upload .exe file as profile picture	Upload should be restricted	Unsupported file error displayed	Pass
TC-013	Logout	Logout functionality	Click Logout button	User should be logged out	User logged out successfully	Pass
TC-014	Session	Access dashboard after logout	Logout and press browser Back button	Dashboard should not be accessible	Dashboard still accessible	Fail
TC-015	Forgot Password	Submit valid email	Enter registered email	Password reset link should be sent	Reset link sent	Pass
TC-016	Forgot Password	Submit unregistered email	Enter unregistered email	Appropriate error message should appear	Error message displayed	Pass

TC-018	Search Users	Search non-existing user	Search invalid username	No records found message should appear	Message displayed	Pass

TC ID	Module	Test Scenario	Test Steps	Expected Result	Actual Result	Status
TC-019	User Management	Delete user account	Delete existing user account	User should be deleted	User deleted successfully	Pass
TC-020	User Management	Create duplicate user	Register with existing email address	Duplicate account should not be created	Duplicate account created	Fail

Test Execution Summary

Total Test Cases Executed:

20

Passed:

16

Failed:

4

Blocked:

0

Defects Identified

Bug ID	Related Test Case	Description	Severity	Priority
BUG-001	TC-006	Password field displays entered characters	High	P1
BUG-002	TC-008	Registration allowed without email address	High	P1
BUG-003	TC-014	Dashboard accessible after logout using browser back button	Critical	P1
BUG-004	TC-020	System allows duplicate user registration	Medium	P2

Conclusion

A total of 20 test cases were executed for the User Management System. Out of these, 16 test cases passed successfully, while 4 test cases failed and were logged as defects. The identified defects have been documented and require developer attention before the application can be considered stable for release.
