

Document Processing Workflow Validation

Objective

Verify that documents are correctly uploaded, processed, validated, stored, and retrieved without data loss or corruption.

Workflow Under Test

Test Cases Execution

TC ID	Test Scenario	Expected Result	Actual Result	Status
DP-001	Upload PDF document	PDF uploaded successfully	Uploaded successfully	Pass
DP-002	Upload JPG image document	Image accepted	Uploaded successfully	Pass
DP-003	Upload unsupported file type (.exe)	Validation error displayed	Error displayed	Pass
DP-004	Upload file exceeding size limit	File rejected	Rejected correctly	Pass
DP-005	Verify OCR extraction	Text extracted accurately	98% accuracy	Pass
DP-006	Verify mandatory field extraction	Required fields extracted	Extracted correctly	Pass
DP-007	Process multiple documents simultaneously	All documents processed	Successfully processed	Pass
DP-008	Verify duplicate document detection	Duplicate warning generated	Warning generated	Pass
DP-009	Verify document storage	Document saved in database	Saved successfully	Pass

DP-010	Retrieve processed document	Correct document retrieved	Retrieved successfully	Pass
DP-011	Download processed document	Download successful	Download completed	Pass
DP-012	Verify document metadata	Metadata stored correctly	Correct metadata displayed	Pass
DP-013	Verify corrupted file upload	System rejects file	Rejected correctly	Pass
DP-014	Verify document version tracking	New version recorded	Version tracked	Pass
DP-015	Verify audit logs	Activity recorded	Logs generated	Pass

Validation Results

Upload Validation

Check	Result
PDF Upload	Pass
DOCX Upload	Pass
Image Upload	Pass
Invalid Format Handling	Pass
File Size Validation	Pass

Defects Identified

Bug ID	Description	Severity	Status
DOC-001	OCR misreads special characters	Medium	Open
DOC-002	Processing delay for files >20MB	Medium	Open
DOC-003	Duplicate detection not case-sensitive	Low	Open
DOC-004	Metadata timestamp mismatch	Low	Open

Regression Validation

After fixes were applied:

Test Area	Result
Upload Validation	Pass
OCR Extraction	Pass
Storage Validation	Pass
Retrieval Validation	Pass
Download Validation	Pass
